ABOUT KUVEMPU UNIVERSITY
The Kuvempu University was established in the year 1987 and is named after “KUVEMPÚ”, the Renowned National Poet. Situated in the picturesque Malnad region, literally in the lap of Sahyadri Western Ghats, the main University campus is adjacent to the Bhadra Wild Life Sanctuary, which has been declared as Tiger Reserve. It is one of the very few universities in India with a totally rural and green profile. Since its establishment as an affiliating, teaching and research university, it is contemplating to offer best suitable courses to the area and help the rural youth to compete in the fast changing world. The university has more than 30 Post-Graduate Departments offering various programmes at Master’s and Doctor’s level, at Jnana Sahyadri campus.

ABOUT DEPARTMENT OF LIBRARY AND INFORMATION SCIENCE
The Department of Library and Information Science was established in December 1993 and offers two years M.Sc degree course in Library and Information Science since its inception. The course is designed to suit to the changing needs of the modern society. Greater emphasis has been laid in the curricula on IT oriented areas and practical aspects. To facilitate this, the department is equipped with necessary classrooms, furniture and equipment. It has an independent computer lab with 15 systems and internet facility. So far, the department has produced more than 350 M.Sc students and many of them have occupied better positions in Central/State Government departments, public/private enterprises, higher education institutions, R&D organizations and multinational companies. Some of them also have moved abroad.

ABOUT INSTITUTE OF SCIENTOMETRICS
Institute of Scientometrics is a world interdisciplinary research institute in the field of Library and Information Science and Science and Technology Indicators. It is a virtual and non-profit organization which has been set up by Dr. S. L. Sangam on 27th March 2011 with a vision to develop the Institute, with potential for excellence in the field of Library and Information Science/Scientometrics /Informetrics. To be on par with global development by understanding related statistical application in measuring scientific productivity for communication science. The Mission of the Institute is to encourage continuous improvements in latest developments on LIS and Scientometrics models. [http://www.instmetrics.org/](http://www.instmetrics.org/). Institute will award: 1. Best Paper award and 2. Fellow of Institute of Scientometrics.
